BANK ROBBERS FOILED.

Owing to An Accident They Failed to Get Any Booty.

Spokane, Wash., Sept. 11.—Bank robbers broke into the bank of Downs, Wash., and blew the doors off the safe, which is said to have contained about \$5,000. THE PRINTERS' OBLIGATION.

Bishop Scannell, of Omaha, Takes a Decided Stand in the Matter.

Omaha, Neb., Sept. 11.—Bishop Richard Scannell, bishop of the Omaha diocese of the Catholic church, has taken a definite stand in the matter of Catholics becoming members of the typographical union and makes the plain statement that a Catholic can not belong to the union and receive absolution from a priest.

Bishop Scannell Thursday night said: "This question has not come up in this diocese and there is no reason why it should, because no priest would need any instructions in the case. There is a primary principle of ethics and such principles are self-evident to every one. No man could lawfully take an obligation of this kind for the keeping of it would render all government, ecclesiastical or civil, impossible. In fact, it would render null and void all courts at law, ecclesiastical or civil. It would make the authority of a voluntary organization paramount to all law, national, divine, ecclesiastical and civil. I am at a loss to understand how any sensible man could formulate such an obligation, or how any sensible man could assume it."

WILL BE DEPORTED.

Five Persons Arrested For Violating Contract Labor Laws.

Boston, Sept. 11.—For an alleged violation of the United States contract labor laws, five persons, one of whom is a woman, are now under arrest and will be deported. They are experienced English spinners who had been employed in the Neponset woolen mills at Canton. The arrests were made by immigration inspectors, who allege that the mill hands were brought to this country and given employment under contract made in England. The same persons came over on July 24, and were debarred from landing. They were returned to Liverpool on August 11, but it is said they had hardly been landed at Liverpool when they were met by an agent of the Neponset mills, who made an agreement with them to go to work in Canton. This time they were landed at Montreal on August 28.

Jacksonville, Fla., Sept. 11.—J. E. Starke shot and fatally wounded John E. Angel in the office of the Southern Express Co here Thursday afternoon while the latter was trying to protect his sister, wife of the man who fired the shot. Starke, who lives in Fernandina, tried to get his wife to go with him to his hotel, but she feared violence and refused, remaining with her brother. Starke endeavored to draw a pistol, but he was disarmed. He went to a pawn shop, procured another revolver and returned to the office. He walked to the cage where Angel was with his sister and fired deliberately at him. Starke was formally auditor of the Jacksonville, Tampa & Key West Railroad Co., and Angel was cashier of the Southern Express Co. here.

READY FOR WAR.

American Warships at Beirut Have Cleared Their Decks For Action.

BIG GUNS ARE TRAINED ON CITY.

Every Preparation Has Been Made For Landing Our Marines at the Shortest Notice.

American Mission Property Is Threatened and Other American Interests Are Placed in Jeopardy—The Situation Seems Grave.

Beirut, Sept. 11.—The American warships in the harbor have cleared decks and are ready for war action. Signal men have been placed at points of advantage to give the men aboard the war ships all information that is desired during the present crisis. A guard has been placed at the American consulate, and every precaution made for landing marines at the shortest possible notice. Rapid-fire guns and small arms are ready to be loaded into boats for the marines when the command to land is given. Heavy guns on the cruisers Brooklyn and San Francisco are trained upon the city, and Adm. Cotton is on the alert to assume a determined attitude and back up his position in the most forcible manner. Guards have been demanded for the governor by the American missions. American mission property has been threatened, and other American interests are placed in jeopardy. An attempt was made to enter an American residence at midnight, but frustrated by force. The situation assumes a more warlike attitude every hour.

Washington, Sept. 11.—The state department Thursday morning received the following dispatch from Minister Leishman, at Constantinople:

"Four ambassadors have demanded the removal of the governor of Beirut. The other foreign representatives will probably do the same.

"I have urged that the governor be replaced by some one more capable of preserving order and giving effective protection to American citizens and interests."

Sofia, Sept. 11.—The continuous reports of wholesale massacres of the Bulgarian population and the destruction of Bulgarian villages in Macedonia are causing considerable excitement in political and general circles here. Premier Petroff is said to have informed the representatives of the powers in Sofia that neither the government nor the Bulgarian people can witness with indifference the annihilation of the Bulgarian element in Macedonia and the devastation of the country and unless the powers can find some means of restraining Turkey's terrible repressive measures Bulgaria will be forced to depart from her present attitude of strict neutrality. While the premier's intimation was conveyed in the course of informal conversation with the diplomats in Sofia and in no sense intended as an official communication, it may be regarded as an indication that the patience of the Bulgarian people is becoming exhausted.

Every day brings news of fresh massacres and outrages in Macedonia. The revolutionary organizations Thursday published elaborate statistics giving the names of 111 villages burned by the Turkish soldiery, the number of houses in each, the date of the incendiarism, and particulars of the number of persons murdered in each case.

Official reports arriving here are suspiciously reticent, but no doubt exists regarding the terrible barbarities practiced by the Turkish regulars and Bashi Bazouks on helpless women and children in Macedonia. The Sofia government has hitherto withstood all attempts on the part of the Macedonian committees to draw Bulgaria into a war with Turkey, but the condition of affairs is daily becoming more critical and the position of the ministry more difficult.

"TICKIE" JIM BACK ARRESTED.

He Was One of the Alibi Witnesses in the Jett-White Trial.

Cynthiana, Ky., Sept. 11.—"Tickie" Jim Back, one of the alibi witnesses in the trial of the commonwealth of Kentucky vs. Curtis Jett, convicted of the assassination of J. B. Marcum here three weeks ago, was brought here Thursday afternoon by Woodson McChord, sheriff of Clarke county, after arresting him at Winchester while Back was trying to get on the C. & O. train for Virginia. Back testified for the defendant Jett in that case. After coming to town McChord took him to J. I. Blanton's office and Mr. Blanton, who is one of Hargis' attorneys here, called up Judge Hargis at Jackson by telephone, but the judge could not be located. Back was placed in jail to await Hargis' answer as to whether or not he would go on his bond. McChord arrested Back without a warrant, but he had been warned by Henry Hurst, at Jackson, that Back had left that place with his little girl ostensibly to go to Paris, Ky., but at Winchester Back tried to board the train for Virginia, where he would be safe from arrest. His bond was fixed Thursday morning at \$500.

Judge James H. Hargis, of Jackson, Ky., just telegraphed Attorney J. I. Blanton he would go on "Tickie" Jim Back's bond, who is now in jail here for false swearing in the case of the commonwealth of Kentucky vs. Curtis ett and Tom White.

Silver, of Norwood, O., a cousin of Morten's wife, she being unable to be present herself.

SOME people carry on as though Democrats, and not Republicans, were responsible for the assassination of William Goebel.

HARD UP FOR CAMPAIGN MATERIAL.

It has to be a hot day when that Republican sheet, the Louisville Herald, can't turn out a lot of fresh lies and misrepresentations about Governor Beckham's pardon record. Some days ago a list was compiled of persons pardoned out of the penitentiary by Governors Beckham, Bradley and Brown, the list being compiled by the clerk of the institution. This record showed that the pardons granted by Bradley and Brown largely exceeded those granted by Beckham. When it was published, the Herald, ignoring the fact that it was only a list of persons pardoned out of the penitentiary and that the publication so stated, asserted that the list was not complete, and then to sustain that charge referred to certain criminals who had been pardoned by Beckham, but whose names did not appear in the list. This was a glaring misrepresentation of the facts, because the criminals referred to by the Herald had not been pardoned out of the penitentiary, but were persons convicted of misdemeanors only and had never been in the State prison, or were persons who were pardoned before they reached the prison. Their names were never on the penitentiary record, and that record of course did not show their pardon. But that cut no ice with the Herald. In order that the people might have the fullest information on this subject, a second list was compiled of all the pardons granted by the three Governors named. This showed that Bradley and Brown had each granted just about twice as many as Beckham. When it was given out for publication the Herald and other Republican papers raised the cry of "doctoring" the records, an accusation that was false and which they knew to be false when they made it. But the Herald is still at it. Wednesday it had an article about a "suppressed" pardon in Knox County, but which was one of the cases where the man was pardoned before he reached the pen. The case alluded to was that of French Wilhite, who was sentenced to the penitentiary for two years for manslaughter. The official record showed the man killed his victim while protecting his own fifteen year old daughter. This is certified to by the Commonwealth's Attorney and by seven members of the jury. The petition was presented by one of the leading Republicans of the Eleventh district, and was signed by hundreds of citizens, without regard to politics. The penitentiary records don't show Wilhite's pardon because he had never been committed to the prison. The Herald must be hard up for campaign material.

A HERO OF SAN JUAN.

Late John Cogan, Formerly of Mayslick, Was a Member of the Famous Sixth Infantry.

[Cincinnati Post.]

"I've proved myself bullet proof; I wonder if I'm electricity proof?" were the words of John Cogan shortly before he met death Saturday night, when, after receiving an electric shock, he fell to his death from an electric light pole at Spring Grove avenue and Blue Rock.

He was a member of the now illustrious Sixth United States Infantry. Of the 1,020 men who started out at the beginning of the war, only eighty-three returned.

He lived with his sister at 1029 Mound street, but was soon to have established a home of his own, having been engaged to marry Miss Fannie Ring, of 331 Frank street. They had delayed matters only until, Cogan said, he could offer her the home she deserved. He enlisted from Maysville, Ky.

For two years he had been employed by the Cincinnati Gas and Electric Company as lineman, and his sunny rays and infectious good nature earned him the sobriquet of "Happy," by which he was better known than by his real name.

He was in the battle of San Juan Hill, and the memories of that famous fight always awakened a feeling of sadness, for as he often said: "To see men whom you have grown to know and appreciate, whose secrets you have heard and whose ways you know, fall by your side fighting is awful, and one has to go through it to know the really dreadful thing war is."

Of the eighty-three who returned from the ill-fated Sixth, only about twenty are left.

BELKNAP A JONAH.

Landslide Predicted For the Democrats in the Present State Campaign.

[Lexington Herald.]

Mr. H. R. Prewitt, of Mt. Sterling, was in the city Wednesday on his way to Louisville to attend the Democratic Campaign Committee meeting. Mr. Prewitt says that the Democratic majority will be a landslide and that an old-fashioned defeat is in store for the Republicans.

"I think the Republicans realize that they made a mistake in nominating Belknap for Governor," he said. "They have found Belknap a Jonah, and they have become convinced that they have not the remotest chance of victory. They fully realize that they should have put up Bradley. He would have made some kind of a show, but Belknap will not even be an opposition. The people do not like him, and he will be sure to have the most inglorious defeat that has been meted out to a Republican candidate in years."

HISSED BY SOUTHRONS.

Float Entitled "Marching Through Georgia" Arouses Ire of Visitors at Cincinnati Fall Festival.

CINCINNATI, Sept. 9.—A float entitled "Marching Through Georgia" and manned by blue-coated soldiers was roundly hissed by Southern sympathizers, who lined the streets last night to witness the initial parade of the Cincinnati Fall Festival. Additional feeling probably was aroused because it followed a float representing "Dixie," which was vociferously cheered. On account of the large number of Southern visitors here a movement had been started among business men to have the "Marching Through Georgia" float dropped from the parade, but nothing was done in the matter.

Nightgowns.

Our dollar Nightgowns have been selling right along as rapidly as though they were bargain offerings and it is not at all strange they should, for while they were planned and made to sell for \$1, they were also planned and made to equal in every respect gowns selling in the market at \$1.25. And go where you will you cannot match these \$1 gowns for less than \$1.25 and that means a bargain of the most thorough going character. The gowns are made of carefully selected muslin and have the style and attractiveness of much higher priced garments. Ten styles, muslin and Nainsook trimmed with Swiss and Nainsook embroidery, hemstitching and torchon lace. Square and round necks and chemise effects.

**Come,
 Let
 Us Reason
 Together!**

Had the money that our citizens have spent in trying to build up other places, most of which has been lost, been spent in legitimate enterprises here at home, what would have been the result? A city of fifteen or twenty thousand inhabitants and an investment that would have yielded good returns.

IT IS NOT TOO LATE TO BEGIN NOW

to build up Maysville. She will have a great future. I have property for sale that will bring 50 per cent. more money one year from to-day than I ask for it NOW. Bridge or no bridge, new railroads or not, Maysville property is too cheap and the reaction must come. We have the finest country in the world surrounding us. We have all the natural advantages. I earnestly, sincerely think that the wise thing to do is to buy Maysville real estate and await developments.

The Bee Hive!

Famous Sayings and Sayings Becoming Famous.

What's in a name? That which we call a rose by any other name would smell as sweet.
There's much in a name. A waist by any other name than "Royal" will not fit so well.
"The evil that men do lives after them; the good is oft interred with their bones."
The good goods we sell stay with you; the other kinds wear out off too soon.
It's a wise child that knows its own mother.
It's a wise mother that knows The Bee Hive.
Of all sad words of tongue or pen, the saddest are these: "It might have been."
Of all glad words of tongue or pen, the gladdest are these: "To The Bee Hive I've been."
Truth needs no flower of speech.
Bee Hive goods are true.
The proper study of mankind is man.
The proper study of women's styles is The Bee Hive.
To be or not to be. That is the question.
To be well dressed, or not to be well dressed? Is the question. Settle it by trading at The Bee Hive.
He that steals my purse steals trash.
He that steals a purse bought from The Bee Hive does not steal trash.
Be not the first by whom the new is tried, nor yet the last to lay the old aside.
You will be the first to try the new if you trade at The Bee Hive, and the last to buy the old.
"Man wants but little here below, nor wants that little long."
Women who want good goods to wear long trade at The Bee Hive.
He that hesitates is lost.
He that does not hesitate to come to The Bee Hive is surely not lost.
"Honor and shame from no condition rise."

ANOTHER HOME STRICKEN.

Death Claims Mrs. Roe Beckett at Her Home Near Mt. Carmel—The Summons Came Thursday Afternoon.

Mrs. Sallie T. Beckett, wife of Mr. Roe Beckett, formerly of this city, died Thursday at 3 p. m. at the family home near Mt. Carmel. She was stricken last Sunday with what was pronounced strangulated hernia, and her condition soon became very critical. There was some improvement Monday, and hopes were entertained of her recovery, but she again grew worse, lingering until Thursday when her illness ended in death at the hour named.

Mrs. Beckett was thirty-four years of age and was the youngest daughter of the late Eli Metcalfe, of this city. Her husband, with one son, survives and she leaves one sister, Miss Ella Metcalfe, a teacher at the Maysville High School. Mrs. Beckett's many friends learn with sincere sorrow of her death and deeply sympathize with the stricken family.

The funeral services will be conducted at the home Saturday at 9 a. m. by Rev. H. T. Musselman, after which the remains will be laid to rest in the Maysville cemetery, the burial taking place about 2 p. m.

LAI TO REST.

Remains of Late Mrs. S. M. Worthington Followed to the Grave by Large Concourse of Relatives and Friends.

A large company assembled at the sorrowing home of Mr. S. M. Worthington near Fern Leaf Thursday morning to sympathize with him and his children and to pay the last sad rites of respect and love for the estimable wife and mother of that stricken household, Mrs. Maria Worthington, whose death has been mentioned.

In his funeral discourse Elder W. W. Hall paid a touching tribute to this good woman. Mrs. Worthington inherited a sturdy and intelligent mind and character from a sturdy and intelligent ancestry, and was a most admirable woman in every relation of life. She added to these graces by study, industry and untiring application, and, as a fitting cap to the whole, she was possessed of a meek Christian spirit, declared by Holy Writ to be above price. While she will be mourned by neighbors and friends, what can fill the void in the hearts of husband, children and grandchildren, all of whom were devotedly attached to her, and for whom she spent the best days of her life!

The remains were laid to rest in the cemetery at Germantown.

"The boast of heraldry,
The pomp of power,
All that beauty,
All that wealth e're gave,
Await alike the inevitable hour—
The paths of glory lead but to the grave."

With the advent of cooler weather you naturally begin to think about a fall suit, also a garment that is almost indispensable in our climate, viz: a Gravenette or medium-weight Overcoat. The youngsters starting to school will want a new suit. We are better than ever prepared to meet your wants. Useless to speak of qualities, the "best" is the only kind you buy of us. After quality, the next thing you are interested in is the price. Quoting prices in the papers affords little satisfaction to the intelligent buyer. You want to see the goods, "then the price."

Our Stock of Clothing For Men, Boys and Children....

is so enormous that you would do yourself injustice did you not look us over before you buy your fall clothing. Our Hanan and Douglas fall and winter stock is ready for your inspection. It is doubtless the greatest line of shoes ever shown in Maysville.

By the way the bell will soon ring on straw hats. Our entire line of Stetson Hats are in. Many of them exclusive styles confined to us. Take a glance at them.

To keep our tailors employed until the busy season begins we will make a limited number of Custom Suits during this month for \$25 cash. Not a suit worth less than \$35, and a number of them worth \$40. See the patterns in our east window, and you know how we make them.
